Management Report on Internal Control Over Financial Reporting

Management of Palmieri, Angnardo & Co., Inc. is responsible for establishing and maintaining adequate internal control over financial reporting. The firm's internal control over financial reporting is a process designed under the supervision of the firm's principal executive, president, and principal financial officer to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the firm's financial statements for external reporting purposes in accordance with US generally accepted accounting principles.

As of the end of the firm's 2009 fiscal year, management conducted an assessment of the effectiveness of the firm's internal control over financial reporting based on the framework established in *Internal Control – Integrated Framework* issued by the Commission of Sponsoring Organizations of the Treadway Commission (COSO). Based on this assessment, management has determined that the firm's internal control over financial reporting as of June 30, 2009 was effective.

The firm's internal control over financial reporting as of June 30, 2009 has been audited by Peter A. Foley CPA, an independent registered public accounting firm, as stated in their report found in this report, which expresses an unqualified opinion on the effectiveness of the firm's internal control over financial reporting as of June 30, 2009.

Report of Independent Registered Public Accounting Firm

The Board of Directors of
Palmieri, Angnardo & Co., Inc.

We have audited the accompanying statement of financial condition of Palmieri, Angnardo & Co., Inc. as of June 30, 2009, and related statements of income, changes in stockholder=s equity, and cash flows for the year then ended based on criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company=s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on Palmieri, Angnardo & Co., Inc.'s internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principals used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on that risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Palmieri, Angnardo & Co., Inc., and the results of its operations and cash flows for the year ended June 30, 2009, in conformity with accounting principles generally accepted in the United States of America. Also in our opinion, Palmieri, Angnardo & Co., Inc. maintained, in all material respects, effective internal control over financial reporting as of June 30, 2009, based on criteria established in *Internal Control- Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Notes to Financial Statements

June 30, 2009

1. Organization and Nature of Business

Palmieri, Angnardo & Co., Inc. (the **Company**), is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The company is a State of Ohio Corporation.

2. Significant Accounting Policies

Basis of Presentation

The Company operates its business as an introducing broker using a clearing corporation as the **carrying broker**. The carrying broker is responsible for all regulatory requirements for customer's accounts since customers of the introducing broker are considered the carrying broker's customers.

15c3-3 Exemption

The company operates under the exemptive provisions of the SEC reserve requirements for broker-dealers under Rule 15c3-3 (k)(2)(ii), since all customer transactions are cleared through **Mesirow Financial** (another broker-dealer) on a fully disclosed basis.

Statements of cash flows

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days, that are held for sale in the ordinary course of business.

3. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital both as defined, shall not exceed 15 to 1 (or 8 to 1 of its net capital for 12 months after commencing business as a broker or dealer)(and the rule of **Applicable** exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At June 30, 2009, the Company had a net capital of \$10,899 which was \$5,899 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.12 to 1.

Palmieri, Angnardo & Company, Inc.

Notes to Financial Statements (continued)

4. Receivable From and Payable to Broker-Dealers and Clearing Organizations

Amounts receivable from and payable to broker-dealers and clearing organizations at June 30, 2009 consist of the following:

	<u>Receivable</u>	<u>Payable</u>
Receivable from clearing organizations	\$ 3,583	\$ 1,346
Fees and commissions receivable/payable	0	0
Other-Taxes and Accrued expenses	0	0
	<u><u>\$ 3,583</u></u>	<u><u>\$ 1,346</u></u>
